Additional Notes:

- We are evaluating how to have some of our Discipleship Hour programming and are making decisions on a case-by-case basis for groups that desire to meet.
- We will do temperature checks and CDC health screening for all Children’s Ministry volunteers and children who join the children’s programs. This includes requiring that volunteers with sick children stay home if children have had a fever within 48 hours. Volunteers are required to wear masks but children five years old and under do not need to wear a mask unless parents want them to.
- If a person with COVID-19 attends services, we will return to online services for one week to allow 13 days between services to assess the impact on the congregation. This will be done on a case-by-case basis.
